

**Oasis Family Life Enrichment Centre**  
**Hangzhou Eden Garden Wellness Consultancy Co. Ltd**

**2<sup>nd</sup> Quarterly News, April to June, 2014**

The quarter began with 12 students who came from various regions in China for the advanced level of the Family Life Educators training, held in Permas Jaya (JB) at a hostel provided by Chin LianBible Seminary from 1<sup>st</sup> to 10<sup>th</sup> April. They were assigned to organize a Marriage Enrichment Camp as a launch of the family life Ministry in their respective churches. Four of them had already done such assignments during our recent mission trip to China (from 17 Jun to 10 Jul). We experienced God's abundant grace in coping with speaking engagements in the 4 Marriage Enrichment Camps and a Single Camp for the 4 churches in the provinces of Zhejiang, Shandong, and Hebei. The four of them are now working as interns of the family life educators in their respective churches. They will follow up with the development of the ministry in their church by looking after the Covenant family groups that have been formed in the camps. Those interns will continue with organizing and teaching the family life wellness courses or camps in their churches with the help of the present group leaders.

We thank God for providing us with funds to subsidize some of the expenses in Shandong and especially in Hebei where participants were mostly pastors who were not able to pay for their food and lodging. Apart from the Camp in Hebei which was organized for pastors, we yielded 30 over new converts, mostly men in the other three camps.

We had also conducted a very successful Marriage Preparation Camp for about 200 youths in Huaxiang Church, the biggest church in Fuzhou in the beginning of May. The church leaders were glad to note that our course was much more biblical and practical than others. They would like to work with us for the Family life ministry in their church after they have completed the renovation of their church by the end of next year.

Our Hangzhou Eden Garden Wellness Consultancy Centre was officially launched on 6 May 2014 with about 50 guests who came from Hainan Island, Fuzhou and some local supporters in Hangzhou. Pray with us that the ministry of our Eden Garden will grow and be a blessing to churches in China.

Our Work team in Pingtan (Fuzhou) had conducted a successful Marriage Enrichment Camp for churches in Eastern District of Pingtan. The experience had boosted the confidence of the team and the team is organizing a Marriage Enrichment camp for about 40 pastors and their spouses from Wenzhou. The Camp will be conducted in a beautiful resort in Pingtan during our next mission trip to China in September. Thank God that two of our team workers will speak on three of the topics and I just need to speak in the opening and the closing sessions. Pray that the camp will impact the pastors and that they will open their churches for the development of the Family Life Ministry especially with their Sunday Schools.

Couples camp at Ningbo Si Pu Many husbands accepted Christ at Couples camp at Hangzhou  
3-self church camp at a Shandong village church Ning An Fellowship Group
